Plugin installer

Install plugins from the Moodle plugins directory

Install plugin from ZIP file

Plugin type*

Choose...

Make sure the plugin type root location is writable by the web server process.

ZIP package*

Choose a file...

You can drag and drop files here to add them.

Acknowledgement*

I understand that it is my responsibility to have full backups of this site prior to installing additional plugins. I accept and understand that plugins (especially but not only those originating in unofficial sources) may contain security holes, can make the site unavailable, or cause private data leaks or loss.

OK	Declared maturity level ?	MATURITY_STABLE
OK	Plugin release	1.0

Plugins check

This page displays plugins that may require your attention during the upgrade. Highlighted items include new plugins that are about to be installed, updated plugins that are about to be upgraded and any missing plugins. Additional plugins are highlighted if there is an available update for them. It is recommended that you check whether there are more recent versions of plugins available and update their source code before continuing with this Moodle upgrade.
